GMB EQUALITY & INCLUSION STRUCTURES

EQUALITY THROUGH INCLUSION THE GMB STRATEGY

'GMB exists to recruit, organise and represent all workers, to improve wages and conditions at work, while challenging, through collective action and solidarity, all forms of discrimination and poverty. Here is our strategy to deliver equality in the workplace, in society and in GMB. At the heart of this strategy is a focus on organising, bargaining and membership participation. It is based on the principle of 'inclusivity'everyone has a role in delivering equality.'

Paul Kenny, GMB General Secretary.

BACKGROUND

The British economy is dominated by the service sector, with increasing penetration of the private sector in the delivery of public services. The labour market is characterised by greater workplace insecurity, increasing participation of women, migrant workers and an aging pool of labour.

THE VISION

We want GMB to be recognised as the lead trade union in driving equality at work and in our society, while reflecting the make up of our members and potential members at all levels of GMB and unleashing their potential.

STRATEGIC PRIORITIES

This strategy builds on GMB's successes in the past of driving equality.

The key to success will be in aligning equality to the core aims of GMB and moving equality from the margins to the centre of all GMB activities.

In order to deliver the GMB vision for equality, there are five strategic priorities that have been adopted:

- 1. Increase membership
- 2. Drive the equality and inclusion bargaining agenda
- 3. Campaign on equality and inclusion
- 4. Enhance profile
- 5. Drive organisational equality and inclusion

GMB IMPLEMENTATION STRATEGY

All the strategic priorities are interlinked and supported by key projects. These projects include:

1.INCREASE MEMBERSHIP

- In addition to the traditional recruitment methods there will be:
- Community based campaigns e.g. targeting places of worship to make links with specific communities
- Targeting workplaces with specific groups of workers and 'recruiting the recruiters'.
- Focus groups to identify what actually works in recruitment
- Recruitment training will be reviewed to ensure equality matters are integrated.
- Link to bargaining and campaigning agenda.

2. DRIVE EQUALITY AND INCLUSION BARGAINING AGENDA

Continue negotiations with employers for

- Equal pay audits
- Flexible working initiatives
- Respect at Work policies
- Anti age discrimination
- Impact assessments on the Public Duty to promote equality.

We believe that equality is an area where a joint approach with employers could be fruitful and we will advocate the model used for implementing Health & Safety at work as a template for making equality a reality in the workplace. All these projects will be linked to recruitment of potential members

3. CAMPAIGNING ON EQUALITY AND INCLUSION

We will campaign and lobby appropriate institutions for:

- Mandatory equal pay audits
- Right to flexible working
- New deal for agency workers
- Minimum social wage.

We will continue our work to ensure a future for people with disabilities at Remploy and drive the GMB's Migrant Workers Project.

We will engage with the new Equality and Human Rights Commission (EHRC) to have a greater focus on employment matters.
